

## 2013 IEEE International Conference on Signal and Image Processing Applications

<http://spsocmalaysia.org/icsipa2013>

Melaka, Malaysia

October 08 – 10, 2013

### CALL FOR TUTORIAL PROPOSALS

The IEEE International Conference on Signal and Image Processing Applications (IEEE ICSIPA), organized by the IEEE Signal Processing Society (Malaysia Section) provides a forum for local and international researchers and engineers from academia and industry to present and discuss the latest technological advances and research results in the fields of theoretical, experimental, and applied signal, image and video processing. IEEE ICSIPA 2013 is the third in the series and will be held in the Historical City of Melaka (Malacca), a UNESCO World Heritage Site in Malaysia. The previous two IEEE ICSIPA conferences, held in 2009 and 2011 at Kuala Lumpur, were major successes with over 50% and 70% international participation, respectively.

We cordially invite proposals for half-day or one-day tutorials from active researchers and experienced tutors. Ideally, a tutorial will cover the state-of-the-art research, development and applications in a specific topic, and stimulate and facilitate future work. Tutorials on interdisciplinary fields, novel and fast growing directions, and significant applications are highly encouraged.

A tutorial proposal should include the following:

- Title
- Abstract
- Outline including a short summary of every section
- Specific goals and objectives
- Presenter's name, affiliation, address, email, phone, and fax.
- Biographies of the presenter(s)
- Expected background of the audience
- Audio Visual equipment needed for the presentation

#### Important dates

**Proposals due:**

May 31, 2013

**Decision notification:**

August 31, 2013

**Material (for distribution) submission:**

September 30, 2013

Proposals will be evaluated by a committee and voted upon based on merit and relevance. The tutorial presenters will be required to provide comprehensive tutorial notes (printable slides) prior to the event.

Tutorials will be presented on October 07, 2013 (*a day before the conference*).

All tutorials will be featured prominently in the conference program.

*Please submit your proposals via email to:*
